

### **HPEB MINOR LISTSERV**

The HPEB Minor Listserv is used to communicate important information about the minor (e.g., summer course offerings). The HPEB Undergraduate Director will use the listserv sparingly so students will not receive a lot of extra emails in their inbox. But, given that there are very limited ways for the department to communicate with our minor students when everyone is spread across campus, we felt this might be the easiest way. To sign up for the listserv, please follow these instructions:

- 1) Start a new email and send it to [listserv@listserv.sc.edu](mailto:listserv@listserv.sc.edu)
- 2) Leave the Subject blank.
- 3) In the body write only: SUBSCRIBE HPEBMINOR FirstName LastName
- 4) Remove any signatures from your email so that there's nothing else in the body

### **NUTRITION AND FOOD SYSTEMS MINOR LISTSERV**

The Nutrition and Food Systems Minor Listserv is used to communicate important information about the minor (e.g., summer course offerings). The HPEB Undergraduate Director will use the listserv sparingly so students will not receive a lot of extra emails in their inbox. But, given that there are very limited ways for the department to communicate with our minor students when everyone is spread across campus, we felt this might be the easiest way. To sign up for the listserv, please follow these instructions:

- 1) Start a new email and send it to [listserv@listserv.sc.edu](mailto:listserv@listserv.sc.edu)
- 2) Leave the Subject blank.
- 3) In the body write only: SUBSCRIBE HPEBUGNUTR FirstName LastName
- 4) Remove any signatures from your email so that there's nothing else in the body
